

**Resolution
Ecorse Creek Inter-Municipality Committee**

**Supporting the Annual Ecorse Creek Clean-Up
May 21, 2005**

Whereas, the Ecorse Creek is a major waterway which runs through the northern portion of the Ecorse Creek Watershed; and,

Whereas, for over a decade, volunteers from Ecorse Creek Watershed communities have been dedicated to keep this waterway clear of unwanted debris, and to educate the public on pollution and other vital issues facing the Creek and Watershed; and,

Whereas, on May 21, 2005, from 9 a.m. until 1 p.m., the Friends of Ecorse Creek will conduct its annual Ecorse Creek Clean-Up at various locations throughout the watershed; and,

Whereas, the Friends of the Ecorse Creek have requested the assistance and support of the Ecorse Creek Inter-Municipality Committee in this year's effort;

Now, Therefore, Be It Resolved, That:

The Ecorse Creek Inter-Municipality Committee wholeheartedly supports the Annual Ecorse Creek Cleanup, to be held May 21, 2005, and further commits to raise the level of awareness of the scheduled cleanup day and encourage participation throughout the watershed.

Adopted by the Ecorse Creek Inter-Municipality Committee this 10th day of March, 2005.

Ayes:

ECIC Representatives from Wyandotte, Allen Park, Dearborn Heights, Taylor, Southgate, Wayne County Airport Authority, Wayne County, and Lincoln Park.
