

3rd and Final Public Information Meeting for the Ecorse Creek and Combined Downriver Watershed Management Plan Projects

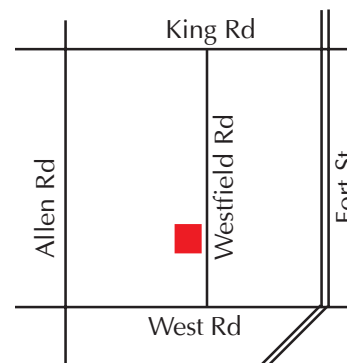

Thursday, September 22, 2005

7:00 pm - 9:00 pm

Westfield Center in Trenton

2700 Westfield Road (West Rd, behind Trenton Library)

The Friends of the Detroit River have offered to host the 3rd and final public information meeting. Please attend to learn more about the efforts to develop Watershed Management Plans that will meet state requirements and improve water quality. A draft has been completed and submitted to the MDEQ. The watershed committees are looking for final comments on the draft plans prior to submitting a final plan on November 1st. Please attend, learn about the watersheds and give your input and thoughts on the drafted improvement strategies and action items.
