Dear Ms. Cave:

SUBJECT: Ecorse Creek Watershed Management Plan – Clean Michigan Initiative Review

On May 11, 2006, the Michigan Department of Environmental Quality (DEQ), Water Bureau (WB), Southeast Michigan District Office, received the revised Watershed Management Plan (WMP) for the Ecorse Creek Watershed on behalf of the partners of the Ecorse Creek Inter-Municipality Committee. WB staff reviewed the WMP with respect to the criteria specified in the Administrative Rules for the Clean Michigan Initiative (CMI) Nonpoint Source Pollution Control Grants promulgated pursuant to Part 88 of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, effective October 27, 1999. Our staff review indicates that the plan, as submitted, meets these criteria and is hereby approved for the purpose of the CMI Nonpoint Source Pollution Control Grant Program.

Thank you for your efforts in the development of this Watershed Management Plan. The DEQ looks forward to assisting with future efforts to implement this plan.

If you have any questions or concerns regarding the review of the WMP, please contact Patricia Huddas at 586-753-3773 or via email at huddasp@michigan.gov.

Sincerely,

Hae-Jin Yoon
